EXPERIENCE

Node.js Developer intern

Feb '25 — Present

Praeclarum Tech

Ahmedabad, India

Developed and maintained RESTful APIs using **Node.js** and **Express.js** for backend services. Integrated databases like **MongoDB** using **Mongoose** driver. Implemented **authentication and authorization** using JWT. Participated in **code reviews**, bug fixing, and performance optimization tasks. Utilized tools such as **Postman**, **Git**, and **VS Code** in daily development. Participated in **daily stand-ups** and used **jira/trello** methodology for project tracking. Used **Jira** and **Trello** to manage tasks, track progress, and collaborate with team members efficiently.

EDUCATION

BCA in information technology, Navgujarat collage of computer application

Higher Secondary in Arts, Mangalam Vidhya Mandir (GPA: 64%)

Ahmedabad, India

CERTIFICATIONS

Full Stack developer course At, Hitech-Institute , Ahmedabad

PROJECTS

Shoes website [Link](#)

- Designed and developed a fully responsive static website using **HTML**, **CSS**, and **Bootstrap 5**. Focused on creating a clean, modern user interface with mobile-first design principles

TalentBox

- Role:** Backend Developer Intern
Tech Stack: Node.js, Express.js, MongoDB, Mongoose, JWT, Postman, Git, Jira, Trello
Developed and maintained RESTful APIs using **Node.js** and **Express.js** to power a dynamic Job Applicant Management System aimed at streamlining the recruitment process. Integrated **MongoDB** using the **Mongoose** ODM to handle applicant data, resume uploads, and status tracking (Pending, On Hold, Completed). Implemented **JWT-based authentication and role-based access control** for multiple user roles including CEOs, HR professionals, and regular users. Built features for **CSV/Excel import/export**, automated **email notifications**, **field-level search and replace**, and **customizable email templates** to enhance HR workflows. Contributed to **performance optimization**, **code reviews**, and **bug fixes** throughout the project lifecycle. Collaborated in an **Agile environment**, participating in daily stand-ups and managing tasks with **Jira** and **Trello** for efficient sprint planning and team coordination. Used tools like **Postman**, **Git**, and **VS Code** in daily development.
